

Build A Great Boat And People Are Bound To Talk.

"I couldn't quit work, so I am circumnavigating one leg at a time. We are currently in Australia...next stop Bali. After thousands of miles my Freedom 39 has been used and abused and has never failed me. We sail into a foreign port, park it, and it is always ready to go when I return. This boat takes care of me, I don't take care of it. Thanks for building a great boat..."

Greg Steiner on the Freedom 39 Pilothouse.

"I wouldn't usually agree to deliver a boat in November, but I had a lot of confidence in Freedom. A storm blew up and we were caught in sustained 50-knot winds and 35-foot seas—enormous abuse was heaped on the rig and gear, and we were knocked down. The end of the story is boat and crew arrived in Virgin Gorda unscathed. Our confidence was well founded."

Professional Delivery Captain Jim Stanek on the Freedom 38.

"Our Freedom 45 isn't a marina boat. We've been to Alaska, around Vancouver Island, to the San Juans and Queen Charlotte Islands, and we're headed for Central America. We're at anchor 60 nights a year. Underway, the ease of sailing her makes it safe—one of us can singlehand while the other cares for the kids. It's tough to do that on an ordinary boat. She is a wonderful asset to our family."

Michael and Carla Hassell on the Freedom 45 Center.

Freedom 45 Aft.

The Ultimate in Safe & Seaworthy Sailing

"My Freedom 45 Center Cockpit was incredibly well built.

Apparently, others thought so, too. I sold her for 89% of the original purchase price. Of course my next boat was a Freedom!"

Bob Trenary on the Freedom 45 Center and Aft Cockpit.

For information or to arrange a test sail of the Freedom 35, 45 Center, 45 Aft, or the new 40/40 currently in the works, please contact us.
